```
library(dplyr)

rladies_global %>%
  filter(city == 'Berlin')
```

Welcome!

We're Chrissy, Hanna & Noa

We recently got together to form the Berlin chapter of R-Ladies. You can follow our activity (and help us spread the word) on 🐦 📘 @RLadiesBerlin and sign up for upcoming events on Ⓜ rladies-berlin.

1.
What is R-Ladies?

Founded by statistician Gabriele de Queiroz in San Francisco, Oct 2012, R-Ladies aims to increase of the participation of women in the R community by encouraging women to join the coding community, develop R packages and to increase the attendance and visibility of women as speakers at R conferences and meetings
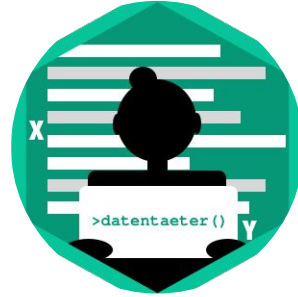

2.
Code Of Conduct

- ○ Public events are *always* for free
- ○ The conceptual domain / scope is R-specific
- ○ Be aware and acknowledge other's contribution
- ○ Use neutral language
- ○ Constructive, supportive and gender-inclusive environment to share, learn and network
- ○ Organizational & mentoring roles are exclusively reserved for women

3.
Our next meetup

Will be on Tuesday, June 20th.

Marie-Louise Timcke (@datentaeterin) introduces us to
Journocode and world of data journalism.
Complemented with a joint hands-on training in
R Markdown and journocode by Marie-Louise and Chrissy.

#2 Hands-on Data Manipulation with dplyr & Intro to DRY Functional Programming

Hello!

This is Noa

She works as a data scientist at Kings and introduces you in her opening talk to the concepts of DRY programming.

You can reach her at noa@rladies.org

Hello!

This is Hanna

She is an economist and takes care of data analysis and visualization at AOK Bundesverband.

She will guide you through her dplyr tutorial.

You can find her at hanna@rladies.org
